

JAVIER ROHR

MARINE SERVICE | VESSEL MAINTENANCE | TECHNICAL SUPPORT

Aventura, FL | WhatsApp / Text: (754) 314-9888 | javier@captainjavier.com

U.S. Permanent Resident | Reliable Transportation | Non-Smoker

PROFESSIONAL PROFILE

Mechanically inclined boating professional transitioning into the U.S. marine industry after more than 20 years personally maintaining, upgrading, and operating privately owned powerboats and sailboats in Argentina and Uruguay. After building a successful career outside the marine industry, I decided to turn a lifelong involvement with boating into my full-time profession. Seeking a first professional marine service opportunity where I can contribute practical experience while learning U.S. industry procedures and company-specific practices.

CORE CAPABILITIES

ELECTRICAL & SYSTEMS

- AC/DC systems, batteries & charging
- Shore power, inverters & wiring diagrams
- Pumps, bilge & fresh-water systems

MECHANICAL SUPPORT

- Fuel filtration & routine diesel maintenance
- Generator preventive maintenance
- Engine-room upkeep & systems checks

SERVICE & REFIT

- Marine electronics & NMEA networks
- Equipment installation & refit support
- Washdowns, detailing & vessel preparation

INTERNATIONAL PRIVATE VESSEL EXPERIENCE

Private Vessel Maintenance & Refit Projects | Argentina & Uruguay | 20+ Years | Personal / Recreational

- Maintained, upgraded, and restored privately owned motor and sailing vessels, working alongside specialized marine contractors when required.
- Replaced and expanded battery banks and worked with chargers, inverter systems, shore power, pumps, plumbing, fuel filtration, and other onboard systems.
- Installed and integrated chartplotters, radar, AIS, VHF, autopilot, depth instruments, and NMEA networks.
- Performed routine diesel-engine and generator maintenance, including oil and filter changes, Racor service, fuel bleeding, coolant checks, and general engine-room upkeep.
- Coordinated mechanics, electricians, fiberglass technicians, painters, carpenters, upholsterers, and boatyards.

PROFESSIONAL FOUNDATION

Former business owner and Accenture Associate Manager with experience organizing complex operations, coordinating specialists, solving problems methodically, and taking responsibility for project outcomes.
